OUR COMPANY

With 45+ years of rich legacy, Sanjay Chemicals Works Unit-A is a reputed name in the perfume and fragrance industry, offering the most qualitative range of industrial perfumes & incense stick fragrances.

A customer-centric & flexible company, we supply a premium range of Agarbatti Perfumes, Personal Care Perfumes, Toilet Soap Perfumes, Detergent Perfumes, Handkerchief Perfumes, Flora Perfumes, and more at budget-friendly prices!

OUR INFRASTRUCTURE

GC-MS Machine for Fragrance Analysis

Our world-class infrastructure comprises the GC-MS machine for fragrance analysis. It enables our in-house perfume makers to separate, identify & quantify the aromatic compounds within a sample.

Equipped with the GC-MS technology, we are able to fulfill the specific aromatic perfume requirements of large organizations by providing them with the study of perfume efficacy in home & personal care products.

FINE FRAGRANCE

Our best-in-class range of fine fragrances is created from carefully chosen premium quality ingredients. We produce one-of-a-kind, customized Attars, Body Mists and Perfumes as well as fragrances based on the latest global trends to stay ahead of the curve.

Our fragrances are used in several applications and products. Some of them have been listed here

- **Attars**
- **Body Mists**
- **Perfumes**

FABRIC CARE

World-class fabric care is all about easily removing tough stains and dirt to make garments clean while ensuring the fabric remains soft and smells great. Our fragrance range for Detergent Liquid, Detergent Cake & Fabric Softener is designed to deliver the finest fragrance experience to customers.
