## SUNSCREEN

### ABOUT THE CREAM

Introducing our very **first cream**—a breakthrough in advanced sun protection powered by **Korean Ginseng**. This lightweight, non-greasy formula defends against harmful UVA/UVB rays while revitalizing your skin with potent antioxidants. Stay protected, hydrated, and radiant all day—perfect for sensitive and all skin types. Trust nature's best for your daily defense. Carefully crafted with a blend of nature and science, this cream not only shields your skin but also nourishes it from within. With daily use, it helps improve skin texture, reduce signs of fatigue, and promote a natural glow. Whether you're indoors or outdoors, make this cream your essential companion for healthy, beautiful skin.
